

WALLEYS QUARRY

PRESS INFORMATION

Date: 30.07.2021

Title: **Dr Anna Willetts**

We are delighted to share with you that Dr Anna Willetts will be chairing the liaison committee meeting, in her own words she shares a little bit about herself.

'I am Dr Anna Willetts and am the junior vice chair, soon to be senior vice chair, of the Chartered Institution of Wastes Management which represents all elements of the waste management and resources industry in the UK. In my day job I am an environmental / waste Partner at Gunnercooke, and prior to my legal career I have a scientific background in the waste and recycling industry with a specialism in landfill engineering and geology. I was pleased to be asked to step in as Chair of the Walleys Quarry liaison committee meeting to ensure that the last liaison group meeting could proceed and up to date information be shared and discussed. I am entirely independent of Walleys Quarry Limited, having no business links to this company and having carried out no work in the past for them.'

For press information please contact nicky.birks@walleysquarry.co.uk

Notes to editors:
